Thank you very much for sharing your options for our App Virtual Makeover Appears. As you said, it's optional to create a YouCam account for the community service Join the YouCam community! If you have suggestions or doubts for the app, welcome to send more details with reference screenshots via the "send feedback" in-app settings for our support team to help you better. I really appreciate how much work developers inserted in this app. So before, I can start from what is convenient and useful this app. It is also much better than other beauty apps. Install the Selfie Camera - Beauty Camera and Makeup Camera and feel the utility of these features. The subscriptions are automatically renewed unless the automatic renewal is turned off at least 24 hours before the current period (1 month / 1 year). In a few minutes, this application produces quality collage, change effects, add adorable personal touches, fashionable stickers, self-adhesion, and do a lot, much more with ... - selfie camera - beauty room ". The only filters of makeup that are really obvious are hair colors (sorry! are they only very bright?) And some combinations of lipstick. Subscriptions can be managed by the user and automatic renewal can be deactivated by going to user account settings After the purchase. I love this app, and it breaks my heart that my parents are so against the social media that when they saw it, they immediately wanted it from my phone. ** The camera app for the makeup camera # 1 of the world and the selfie editor.
